

ITS TIME TO UPGRADE! GET READY FOR FASTER INTERNET WITH **xfinity**

Anatolia is partnering with Xfinity to exchange your current Gateway* for the latest & greatest equipment at swap events throughout the month.

Xfinity will be available on-site beginning October 3rd to provide upgraded Gateway and assist with installation.

Upgrading to Xfinity's xFi Advanced Gateway gives you the power of next-generation WiFi 6E technology. Experience faster speeds, lower latency, and increased capacity to support hundreds of devices at once.

How to Upgrade

Xfinity will be available on-site to provide new Gateways - visit our event table to pick up your new equipment and easy installation instructions.

Once you're set up, give us your old modem and we'll take care of the rest.

We'll be here all month to provide installation support, answer questions, and help you make the most of your next-gen Gateway.

XFINITY Q&A EVENT

See Xfinity Calendar within Anatolia website.
